"THERE OUGHTA BE A LAW"
(Richmond Times-Dispatch)

Great men are sometimes trailblazers in fields of human progress other than their own. This may be true of Rotund Hilliard. When the famed scientists was called upon to speak at a California Chamber of Commerce dinner the other day—after three solid hours of "preliminaries"—he spoke for only six seconds.

It was a humanitarian thing to do, as well as a gentle rebuke to those whose postprandial preliminaries had consumed a sizeable chunk of eternity. Because of Dr. Millikan's prominence, his compassionate example was widely publicized. Dare we hope that this noble precedent will be heeded in Congress, at banquets, service club luncheons, public forums and political rallies?

Altogether too many amateur Ciceros are infatuated with the sound of their own voices, and under the illusian that no speech, stretched to take an hour's time, would be improved if condensed to 30 minutes.

Brevity is not only the soul of wit, but of public speaking. The mass suffering of captive humanity confided by an archaic custom to remain immobile for hours while minor speakers plod through ancient cliches is a form of torture that should be abolished, if not by law, at least by toastmasters, or, as they now called, "emcees."

Strangely enough, professional and businessmen who recognize the creative quality of the fleeting minute, consent to be bored during hours of after dinner drowsiness while would-be Chauncey Depews give their larynxes a workout.

As for sermons, some of our clergy would do well to recall that the greatest of all recorded sermons demanded only a few minutes of the listeners' time.

Four Killed In Car-Train Accident

Four sawmill workers were killed and a fifth received minor injuries Monday afternoon in a train and auto wreck at the Piney Ridge rail crossing just west of Pamplin.

The dead:

Bernard McKinley (Jake) Thompson, 28, of Appomattox, driver of the car;

Robert Lee (Blackie) Thompson, 38;

Sam Daniel, 57, Negro; and

Elijah Goode, 34, Negro.

The two Negro men were dead when reached by the train crew. The two white men were carried to Southside Hospital, Farmville, and pronounced dead soon after arrival there.

Fifth man in the car was Warren Nichols, 28. He was treated at the Lynchburg General Hospital.

The train was a coal train, with M. H. Sprouse, of Roanoke, as engineer. Trainmen rushed back to the car, which had been tossed across a second track. The collision took place on a dirt road leading from a sawmill operated by J. W. Watson, of Appomattox. It was about forty yards off Route 460.

The men just left the sawmill, and were returning to Appomattox because rain had forced them to quit work for the day. The train rammed the left side of the car, and the car came to rest in an upright position.

Bernard Thompson was a veteran of World War II and served for 24 months with the Army in Europe. He is survived by his wife, a sister, brother and three half-brothers.

Sam Daniel is survived by seven grown children, and his wife.

Elijah Goode is also survived by his wife and seven children.

News of The April 16
McLean House Dedication

(Note:: This column will be published each week until April 17, to acquaint the public with the progress of plans for the McLean House dedication. We ask the cooperation of all committees.- The Editor.)

Under a tentative time schedule, the dedication ceremony will begin at 1:45 P. M., Sunday, April 16.

Publicity concerning the McLean House has already resulted in an increase in the number of visitors at Old Appomattox Court House. Many cars were there last Sunday. Busloads of school children come each week.

The P.-T. A., Garden Club, church and other organizations met with David T. Robertson, chairman of the McLean House Dedication "feeding" committee this week to shape up plans for feeding visitors in Appomattox for the April 16 event.

Appomattox has a spring clean-up drive each year, but it is urgently requested that this year's effort be something truly "special!"

4-H GIRLS LEARN TO SEW AND SAVE IN CLOTHING PROJECT

With one eye on spring and the other on their pocketbooks, Virginia 4-H Club girls are off to a good start in a 1950 National Clothing Achievement program, say state club officials. Last year more than 12,000 girls throughout the state took part in the activity.

Interest in the program is already been because every young lady—whether she's 10 or 20 — likes pretty clothes. Local club leaders and Extension agents teach the girls to select attractive patterns, buy good fabrics, and plan a practical wardrobe. Hats, bags, and other accessories are designed, too, at a considerable saving.

Evidence that 4-H'ers do acquire a working knowledge and skill in dressmaking is the fact that in 1949 more than two million garments were made by some 591,000 club members. Another important phase of the clothing program is learning how to remodel out-of-date dresses and coats. Many daughters stretch the family budget by making over apparel for younger brothers and sisters.

In addition to these accomplishments, members have a chance to earn recognition for outstanding achievements in clothing work.

Thunder Rock To Be Given Monday Night

The Appomattox P.- T. A. is anticipating a large attendance at the Barter Theatre of Virginia presentation here Monday night of the play, "Thunder Rock." The play is scheduled for 8 P. M. at the Appomattox High School.

The play is a dramatic fantasy, and has been widely acclaimed as another in the fine list of Barter Theatre successes.

Family Loses Home By Fire

Mr. and Mrs. Thomas A. Maxey, who lived near the state police radio tower just off Route 460, sustained a heavy loss last Saturday afternoon when their home was completely burned. Fire of unknown origin, probably from a flue, spread so quickly that only one bureau drawer was saved, in addition to the clothing the family was wearing at the time.

The Appomattox fire engine rushed to the scene and kept the fire from burning over nearby fields.

The dwelling was the property of Mrs. S. L. Ferguson and had been occupied by the Maxey's for about six months.

Proceed With Plans For Negro School

Appomattox High School will open its baseball season with Amherst High School, there on March 28th. Bad weather has slowed down early practice to some extent, but the team has gotten in about a full week of practice thus far. The team should have a good season due to the fact that only one boy left last year due to graduation.

Likely members of this year's team are:

Pitchers: Charlie Mitchell, Calvin Tanner, Raymond Mitchell and Buddy Chernault;

Catchers: Bobby Chernault and Harold Wingfield;

Infielders: Billy Bobbitt, Ed Cawthorne, Harry Lawson, Buddy Ould, Bill Jamerson, Ray Wingfield, Otoway Guill, Robert Ayers and Billy Pendleu;

Outfielders. Sam Ferguson, "Red" Thomas, David Ferguson and J. T. Guill.

Most of the boys are in fair shape for baseball all winter. This year there will be an admission of fifty cents for adults and twenty-five cents for high school students. There will be a sale of season tickets again this year at $3.50 for adults and $1.50 for high school students. The reason for a price increase is that equipment is more expensive than last year.

The schedule follows:

March 28, Amherst, there
March 30, Concord, there
April 4, Lynchburg College, J. V., here
April 7, Madison Heights, there
April 11, Altavista, here

New Town Water Tank Now in Use

Appomattox is now using water from its new 100,000 gallon water tank, located on Route 460. This supplements the former 50,000 gallon tank. A ceremony was held at noon today at the new tank, when G. B. Buchanan, mayor, and present and former members of the council and officials gathered for a "turning on the water" ritual.

The new tank, and town ownership of the water system was made possible by a town bond issue, and actual use of the new set-up ends a long dream of leaders in the community.
